

COMPACT 2-PIECE PVDF FLANGED BALL VALVE

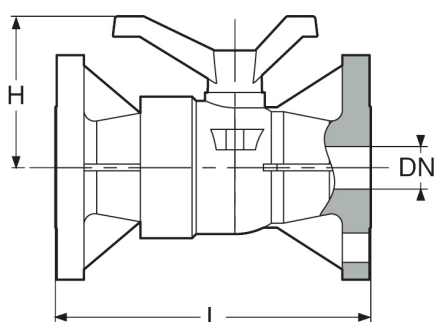

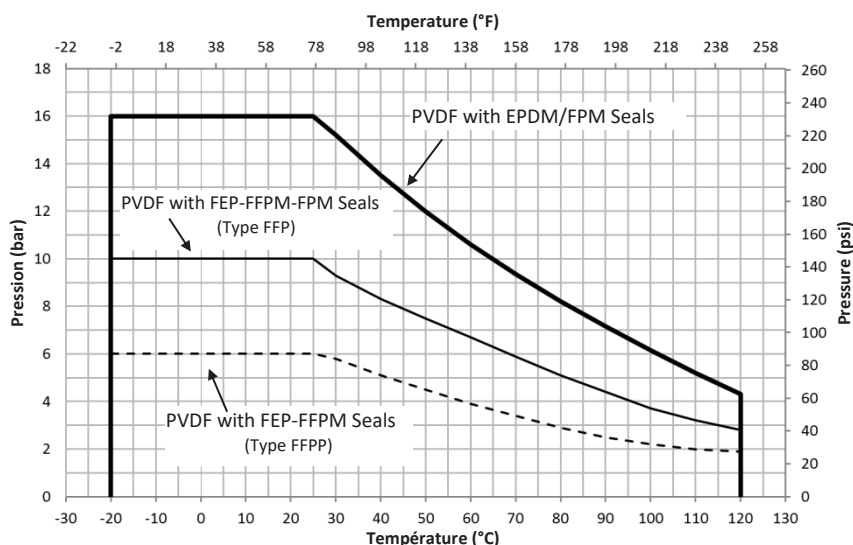

DIN or ANSI Flange
PTFE SEATS; EPDM or FPM Seals

Please contact our sales team for further details and prices.

- Two-piece body construction limits connection interfaces for optimal sealing
- Solid flanges for optimum resistance
- Coloured handle & locking plate to indicate seal material
- Moulded sealing rings on flanges prevent deformation of the gasket
- Full Bore
- Removable handle and 2 lateral fixing points for easy valve actuation
- Alternative body materials PVC-U; PPGF; PP-EL
